We provide:

- **Microbiological Testing & Validation:** Contact Anne at [aodonnell@cls.ie](mailto:aodonnell@cls.ie)  
Environmental monitoring, viable and non-viable, compressed air testing, water system validation, Product Bioburden, Endotoxin, Absence of specific organisms, PET, Detergent and cleaning validations
- **Experimental development & R & D support:**  
Project collaborations & method transfers.
- **Analytical Testing:** Contact: Miriam at [mmurphy@cls.ie](mailto:mmurphy@cls.ie)  
TOC, HPLC, UPLC, GC – FID, MS, UV-VIS, ICP-MS, AA, GC-MS, wet chemistry, testing of raw materials, finished goods and same day analysis for process waters and time sensitive tests.
- **Analysts on Contract:** Contact Colin at [cotoole@cls.ie](mailto:cotoole@cls.ie)  
Analytical and microbiological analysts on contract. We hire the best analysts and train them in our highly regulated laboratories and measure their techniques, competence and compliance before we place them on contract to our client sites. We also offer client methods to be transferred to us and train analysts on those before transfer.

Client samples collected & results available online in real-time Laboratories open 365

Client reference available

Track record: 99.3% client retention
