# LIFE SCIENCES FORUM 2020

## Meet Our Panelist

### **Jeremy Skillington, Ph. D.**

*Vice President, Business Development*

Inflazome Ltd.

A native of Cork, Jeremy studied Biochemistry at the National University of Ireland, Galway where he was awarded his Ph.D. He performed his post-doctoral research at the University of California, San Francisco. Jeremy began his biotechnology career in the Business Development group of Genentech, Inc in 2002 where he was responsible for executing over 40 licensing, investment and collaboration transactions.

Returning to Ireland in 2009 he led Business Development at Opsona Therapeutics before becoming a founder and CEO of immuno-oncology company TriMod Therapeutics. He joined Germany-based HS Lifesciences in 2014 to provide start-up and business development support to portfolio companies ImmunoQure AG and Ethris GmbH. He joined Inflazome on company formation in 2016.
