

GET A GRIP ON YOUR BUSINESS.

Real.
Simple.
Results.

Jenn Marion delivers engaging and actionable content that's tailor made for busy leaders. Her events energize entrepreneurs who are driven to improve their businesses and the quality of their lives.

Participants in Jenn's dynamic and hands-on workshops will:

- **Understand** the six keys to building a truly great organization
- **Roll up** their sleeves and confront organizational issues head-on
- **Learn** how to get everyone focused on achieving a clear company vision
- **Begin** to instill discipline and accountability throughout the organization

Jenn introduces a complete set of simple concepts and practical tools being used by tens of thousands of entrepreneurial leadership teams to clarify, simplify and achieve their vision – the Entrepreneurial Operating System (EOS)®.

About Jenn Marion

With over 20 years of experience launching, growing, and scaling businesses, **Jenn** understands the relentless challenges entrepreneurs face; long hours, tough decisions, and the pressure to keep everything moving forward. She's been in the trenches, experiencing both the excitement of success and the frustration of feeling stuck. As a Professional EOS

Implementer®, she is committed to helping leaders cut through the chaos, gain control, and build a thriving business that not only grows but also allows them to enjoy the life they've worked so hard to create.
